

Circular: NPCI/2017-18/AEPS/014

9<sup>th</sup> March, 2018

**Onboarding on Non RD Compliant devices**

This is with reference to Office circular No. K-11020/44/2012-UIDAI (Auth-I) dated 24.05.2017 with regards to upgradation of all public biometric devices to Registered devices. This is to ensure the encryption of biometrics of residents at the time of capture. Any further use of non- Registered Devices will be putting resident's privacy at risk. It has been notified by UIDAI that completion of RD upgradation should be completed by 31.03.2018. All non-Registered Device transactions shall be charged @ Rs 0.20 and Rs 0.10 for AUAs and ASAs respectively till the stipulated deadline, any loss or disruption in the services shall be a responsibility of the AUAs/KUAs. It has been notified via circular dated 28.02.2018 that UIDAI would not further extend the deadline of RD upgradation since most of the AUAs have completely migrated to RD. In this regards, it is advised that

1. All member entities availing AUA/KUA services shall deploy only RD complaint devices for transacting with immediate effect. Any entity approaching NPCI for on boarding its services shall be 100% complaint on Registered Devices.
2. All the member who are still non complaint on RD services are request to immediately approach get their services certified failing to do so will result in transactions getting declined, NPCI shall not be held liable for disruption of any services arising due to non-compliance.

With Warm Regards,

Navneet Kumar
