

NPCI/2015-16/NACH/109

July 14th, 2015

To,

All NACH Member Banks

Increase in Transaction limit for NACH Credit and Debit

Refer to our Circular No:-18 dated 07th October, 2013 with regards to Increase in Input file size for APB & EBT System and Circular No:-25 dated 07th October, 2013 regards to Increase in limit set on NACH Credit (ECS) file size regarding enhancement of maximum file size for APB, EBT and NACH credit (ECS) to one lakh records. Now that the process has been streamlined and banks are used to handle large volumes it has been decided to extend the maximum file size of 1 lakh records per file to all the products processed under NACH.

2) Accordingly the inward file size also will be to a maximum of 1 lakh records. All the member banks are advised to review the process and system and make arrangements accordingly.

3) This is with immediate effect.

With Warm Regards,

(Giridhar G.M.)

VP & Head - CTS & NACH Operations
