

NPCI/2016-17/NACH/Circular No. 154

April 05, 2016

To

All NACH Member banks

**Changes in UID response file for New Mapper format**

Madam / Dear Sir,

Refer to our circular No. 134 dated October 29, 2015 on the new mapper file format, We are introducing an additional xml tag to provide reject reason code in the existing UID response file format. Hitherto we were providing only the reject reason and now reason code will be added as an additional field. List of status codes and description as per ACH system is provided in Annexure I.

The new xml tag will be placed before the reject description field, the start and end tag of the reject reason code is as given below

<UID\_REASON\_CODE>XX</UID\_REASON\_CODE>

Example:

<MAPPING\_STATUS>A</MAPPING\_STATUS>

<UID\_REASON\_CODE>2</UID\_REASON\_CODE>

<UID\_RESULT>Future mandate date is not accepted</UID\_RESULT></Record></Result>

All member banks are requested to take note of the same and make necessary changes wherever required. New UID response file will be made live with effect from May 15, 2016.

With warm regards,

(Giridhar G M)

 VP & Head - NACH & CTS Operations

Annexure I
