

NPCI/2018-19/NACH/Circular/25

September 07, 2018

To

All NACH Member banks

**Reduction of files availability in SFG from 07 days to 03 working days**

Currently the files uploaded / downloaded by the banks from NACH platform are made available to the banks for 07 days, now it has been decided to reduce the files and reports availability to 03 working days in SFG (Upload/Download) i.e. files beyond 3 working day will be archived and will not be available in SFG GUI (front end).

All the member banks should ensure that the files are downloaded on daily basis and the copies of all the files downloaded and uploaded are maintained at their end for their internal use.

Member banks are advised to take note. This change will be effective from September 21, 2018.

With warm regards,

  
Giridhar G.M  
(SVP – NACH & CTS Operations)
