

NPCI/NFS/OC No. 119/2014 – 15

26<sup>th</sup> May, 2014

To,

All the Members of National Financial Switch (NFS)

Dear Sir / Madam,

**Sub: NFS – BIN Maintenance**

**Objective:**

The objective of this circular is to provide the list of BINs maintained at NFS for routing interbank ATM transactions through NFS network.

Further this will help bank to verify the following:

- whether member banks' existing BINs are maintained at NFS, and
- whether all the BINs are updated by NFS member banks at their switch.

Proper updation of BINs by member banks and at NFS shall prevent declines of ATM transactions due to non updation of BIN at either end. This will help in reducing customer complaints.

We seek confirmation from member banks on the following:
