Sr. No.	Document Reference	Page No	Clause No	Description in RFP	Clarification Sought	Additional Remarks (if any)	NPCI Response
1	PCI/RFP/2022-23/IT/04	8	Section 1 Bid Schedule and Address	6. Last date and time for Bid Submission : 03.08.2022, 3.30 pm	We request to extend the bid submission date to 10.08.2022, 3.30 pm	This wil help in creating an appropriately responsive bid with exhaustive details to enable better understanding of solution for NPCI	Kindly refer Corrigendum 1
2	PCI/RFP/2022-23/IT/04	41	4.3	The solution should have the ability to scan and other sensitive data in all databases and emails Archival file.	DC solution solutions discovers and classify on-prem and on-cloud repositories for unstructured and structures files inclusing .msg files. Request to remove the point as Database discovery as Data Classifiaction solutions donot discover and classify data in DB. This can be achieved by DLP discovery solution		This is good to have requirement. No change in RFP.
3	PCI/RFP/2022-23/IT/04	43	6.25	The product shall be configurable to function in sniffing (promiscuous) mode or inline mode.	Please share the use-case	NA for Data Classification Solution . This point is aplicable for network monitoring solution	Kindly refer Corrigendum 1
4	PCI/RFP/2022-23/IT/04	43	6.26	Solution shall have built-in capability to bypass for inline mode	Please share the use-case	NA for Data Classification Solution . This point is aplicable for network monitoring solution	Kindly refer Corrigendum 1
5	PCI/RFP/2022-23/IT/04	NA	NA	Clarification Request	Which Email solutions is used in NPCI (like O365 or Exchange)		O365
6	PCI/RFP/2022-23/IT/04	NA	NA	Clarification Request	Will NPCI provide the required hardware(Compute & Storage, OS, DB etc) required to the Data classification software ?	We request NPCI to provide the virtual machines to run the data classification software.	NPCI will provide Hardware\VM infrastructure. Bidders should provide Hardware specification. All software and DB licenses to be factored by bidder.
7	PCI/RFP/2022-23/IT/04	NA	NA	Clarification Request	Is demo/POC required as part of the evaluation ?		Yes
8	PCI/RFP/2022-23/IT/04	41	4.3	The solution should have the ability to scan and other sensitive data in all databases and emails Archival file.	DC solution solutions discovers and classify on-prem and on-cloud repositories for unstructured and structures files inclusing .msg files. Request to remove the point as Database discovery as Data Classifiaction solutions donot discover and classify data in DB. This can be achieved by DLP discovery solution		This is good to have requirement. No change in RFP.
9	PCI/RFP/2022-23/IT/04	43	6.25	The product shall be configurable to function in sniffing (promiscuous) mode or inline mode.	Please share the use-case	NA for Data Classification Solution . This point is aplicable for network monitoring solution	Kindly refer Corrigendum 1
10	PCI/RFP/2022-23/IT/04	43	6.26	Solution shall have built-in capability to bypass for inline mode	Please share the use-case	NA for Data Classification Solution . This point is aplicable for network monitoring solution	Kindly refer Corrigendum 1
11	PCI/RFP/2022-23/IT/04	NA	NA		Which Email solutions is used in NPCI (like O365 or Exchange)		O365
12	PCI/RFP/2022-23/IT/04	13	4.1 A] Sr no 3	The date of incorporation of the bidder should be anywhere between 1 to 10 financial years	As Cybersecuity is Old business and we have been in this business for more than 27 years therefore request you to waive off this clause		No Change in RFP
13	PCI/RFP/2022-23/IT/04	7	4.1B] Sr no 7	The Bidder has paid or submitted EMD along with RFP	We are a MSME, request you to waive off the EMD		NPCI is not a goverement organization hence No Change in RFP
14	PCI/RFP/2022-23/IT/04	29	8.19	Payment Terms	Since the installation will be quoted separately we request you to release the lic payment. Implementation payment canbbe paid later		No Change in RFP
15	PCI/RFP/2022-23/IT/04	29	8.19	Payment Terms	AMC - Is this related to partner support or Vendor Support		Vendor Support
16	PCI/RFP/2022-23/IT/04	39	3.11	IRM	To support the above points you would need additional modules from from Seclore .Kindly make it mandatory for these licenses to be quoted along with the Data Classification since the integration can only happen with these additional modules		Yes Bidder should factor required Seclore Licenses.
17	PCI/RFP/2022-23/IT/04	43	7.3	IRM			
18	PCI/RFP/2022-23/IT/04	67	7.3	IRM			

19	PCI/RFP/2022-23/IT/04	41	4.3	The solution should have the ability to scan and other sensitive data in all databases and emails Archival file.	DC solution solutions discovers and classify on-prem and on-cloud repositories for unstructured and structures files inclusing .msg files. Request to remove the point as Database discovery as Data Classifiaction solutions donot discover and classify data in DB. This can be achieved by DLP discovery solution		This is good to have requirement. No change in RFP.
20	PCI/RFP/2022-23/IT/04	43	6.25	The product shall be configurable to function in sniffing (promiscuous) mode or inline mode.	Please share the use-case	NA for Data Classification Solution . This point is aplicable for network monitoring solution	Kindly refer Corrigendum 1
21	PCI/RFP/2022-23/IT/04	43	6.26	Solution shall have built-in capability to bypass for inline mode	Please share the use-case	NA for Data Classification Solution . This point is aplicable for network monitoring solution	Kindly refer Corrigendum 1
22	PCI/RFP/2022-23/IT/04	NA	NA		Which Email solutions is used in NPCI (like O365 or Exchange)		O365
23	NPCI/RFP/2022-23/IT/04	39	3.11	The solution should support the ability to natively allow the password protect/encrypt sensitive files by throwing a pop-up whenever user is trying to share confidential file to authorized recipents	In aforementioned clauses you have mentioned protection of classified files via integration with Seclore. Kindly confirm if you have 'classification based protection' licenses or you want us to quote them?		Yes Bidder should factor required Seclore Licenses.
24	NPCI/RFP/2022-23/IT/04	43	7.3	Solution should support enforcing policies like encrypt all documents which has PCI information by integrating with 3rd party IRM solutions like Seclore			
25	NPCI/RFP/2022-23/IT/04	67	7.3	Solution should support enforcing policies like encrypt all documents which has PCI information by integrating with 3rd party IRM solutions like Seclore
