To,

All Member Banks - Unified Payments Interface (UPI)

Dear Sir/Madam,

Subject: UPI – Urgent enablement of reading/generating dynamic QR code by 20th December 2016

We draw your kind reference to our circular Nos. NPCI /UPI/OC No.07 /2016-17 dated 19th of October 2016 under the subject: "UPI usability enhancements" & addendum circular no. NPCI /UPI/OC No.08 /2016-17 dated 15th of November 2016 under the subject: "Addendum to Circular for implementing UPI 1.5 changes".

2) Further to the above submissions, we wish to draw a specific reference to **sub point iii**, under our circular no. NPCI /UPI/OC No.07 /2016-17 dated 19th of October 2016 highlighting the requirement of functionality of generation & reading of dynamic QR code in the PSP Apps. Few member banks are already in the process of enabling this.

3) With the evolving and imminent business scenarios, it is critical to have the solution ready so that large scale merchant acquisition on UPI can be started at the earliest. It has been decided to have this functionality rolled out on all UPI apps by 20th of December 2016

Please do also acknowledge the receipt of the circular and send in a word of confirmation through an email to the following email ids:
