

NPCI/UPI/OC-100/2020-21

11th February 2021

All Member Banks, PSPs, TPAPs, Unified Payments Interface (UPI)

Dear Sir / Madam,

Mandatory Brand Guidelines for BHIM UPI

NPCI introduced the BHIM UPI guidelines to the UPI ecosystem with the intent to standardise usage of BHIM UPI – logo, composition, design as well as standardize the customer experience on BHIM UPI enabled apps via circular no. NPCI/UPI/OC No.46/2017-18. The updated brand guidelines has been issued and be downloaded with this [link](#).

The following are the key amendments in the updated brand guidelines –

- 1) UPI ID – To make users aware that UPI is a fully interoperable payment system as authorised by RBI, the UPI ID of the payer should be displayed on the “app homepage” and “payment home page” for every UPI enabled app as per the specifications in the brand guidelines. The payment homepage, is where the UPI functionalities such as send, receive and scan QR icons are listed.
- 2) “Powered by UPI” logo should be used at all places where UPI APIs are being called and the transaction is being processed by UPI platform. For eg. Transaction pages, check balance, contact payment pages, transaction history pages, payment successful pages as referred in the attached guidelines.
- 3) To build trust and security in the minds of UPI users, UPI brand guidelines should be mandated at every step of UPI on-boarding process. Right from downloading the UPI app from the play store/app store /any other authorised source to a successful payment made through UPI, the usage of BHIM UPI logos should be displayed throughout the process as defined in the brand guidelines
- 4) Positioning of UPI AUTOPAY during the recurring UPI transactions as per the brand guidelines.

Member Banks, PSPs, TPAPs are hereby requested to take note of the above and ensure compliance on or before 30th April 2021. The compliance may be reported to upi.product@npci.org.in

Brand Mark & Usage

The Brand

Say hello to BHIM UPI, your one-stop payments solution and interface. With one app and one tap, you can perform multiple actions easily and in a hassle-free manner. Link multiple bank accounts, perform direct bank-to-bank transfers, send and receive money, get instant alerts. It's safe. It's secure. It's seamless. It's BHIM UPI.

UPI (Unified Payments Interface) powers multiple bank accounts into a single mobile application (of any bank) merging several banking features, seamless fund routing, and merchant payments under one hood. It also caters to the P2P and P2M collect request which can be scheduled and paid as per requirement and convenience.

Bharat Interface for Money (BHIM) is an app that lets you make simple, easy and quick payment transactions using Unified Payments Interface (UPI). You can make instant bank-to-bank payments, pay and collect money using just Mobile number or UPI ID or Scan and pay using QR.

Brand Mark

BHIM UPI Brand Mark is used by the ecosystem involving NPCI, BHIM, Banks, Non-Banking Partners, Merchants, Third Party Partners and PPI Players for using UPI based money transfer services. The brand mark to be used as follows:

- BHIM logo to be used for promoting BHIM application only
- Powered by UPI unit to be used by the ecosystem for the page(s) or screen(s) whereby the transaction is being processed using UPI platform
- BHIM UPI logo unit to be used by the ecosystem as an acceptance mark across all the online or offline channel of communication and for the non-transactional page(s) or screen(s) like homepage, send money, Scan & Pay, request money, transaction history etc

Mnemonic

With India heading towards a digital future and BHIM UPI assisting in its growth by taking a progressive initiative to take the country to a “less cash society”. The Tricolor arrows, created by combining the fast-forward symbol with our National flag and taking inspiration from the stance of an athlete, visually captures this statement.

Capturing the same elements from the official NPCI logo, the sharp edges of the arrows in the symbol point towards the future, reflecting UPI's accelerated commitment to the country's progress, while the curved edges negate the frivolousness, brilliantly juxtaposing BHIM UPI's zorward-thinking with its nationalistic and traditional values.

The Logo & Colours

The primary colors used for the UPI logo have been taken from the NPCI color palette. The orange brings an element of the future and freshness to this new solution for payments, while the green represents the technology that powers the UPI platform.

The Logo Size

Every piece of material that goes to the customer from the NPCI acts as a medium of communication and hence it is important to maintain uniformity with respect to design. Kindly follow the proportions illustrated here with respect to all UPI communications. The proportions, space and size relationships of all blocks have been carefully developed and must not be altered, redrawn, embellished or recreated in any way. The sizes mentioned here are for your reference only. Care should be taken to maintain proportions while resizing the logo.

- **Print:** In case of a print related communication, size of the UPI logo unit must be minimum 15% in width of the layout or 30 mm (whichever is higher). For example, size of the UPI logo unit would be 31.5 mm in width for an A4 layout.
- **Digital :** In case of a digital communication, size of the UPI logo unit must not be smaller than 15 pixels height X 40 pixels width.

UPI ID

What is UPI ID

What is UPI ID?

UPI ID is your virtual identity for UPI payments. It is a single identifier for users to send and receive money directly from one bank account to another. Once successfully registered on UPI enable app, the suffix is predefined by the app and you can create a customised prefix of your name, mobile number, date of birth, etc.

For example – user@upihandle

UPI ID: user@upihandle

Here, 'user' is prefix and 'upihandle' is suffix

Features/Benefits

- You don't need to remember your or receiver's bank account details
- The prefix can be customized as per convenience

UPI ID display style:

UPI ID of the user should always be displayed at the home page below the partner apps logo.

Font typeface: Font to be used is of the partner's respective font typeface.

Font size: UPI ID should be clearly visible and equal to the size of app logo in height.

Font colour: On a white/light coloured background, font colour can be of the respective partner brand colour. And on a dark background, font colour should be white.

And should mention the word UPI ID before the UPI ID as represented below.

Check and validate the details

A mobile app interface for validating payment details. It features a navigation bar with a back arrow, a 'LOGO' button, and a refresh icon. Below the navigation bar is a header 'UPI AUTOPAY' with a small 'UNITED PAYMENTS INTERFACE' text underneath. A 30 PX dimension line is shown next to the header. The form contains several fields: 'merchant@upihandle' with the label 'Recurring payment type'; 'VALIDITY:' with 'From' and 'TO' fields (both showing 'xx/xx/xxxx'); 'FREQUENCY:' with a 'Select frequency' label and a text input field; 'Debit Date' with a text input field; 'Select Account*' with a dropdown menu showing 'XXXX XXXX' and a chevron icon; and 'Remarks' with a text input field. At the bottom is a blue 'Proceed' button.
