

NPCI/2017-18/NACH/Circular no.245

September 22, 2017

To,

All NACH Sponsor Banks

Sub: - Deactivation of 'CPSMS' scheme code in NACH and processing of DBT/non-DBT transactions

It has been observed that the transactions are still being uploaded in NACH with the generic code 'CPSMS' despite repeated follow up and engagement with the sponsor banks on the same. In the month of August 2017, 10.43 Mn transactions have been uploaded in CPSMS scheme by the sponsor banks making it impossible for NPCI to identify the schemes and raise claim for incentive and charges as mandated by Department of Expenditure.

The transactions are routed to the sponsor banks in the following ways:

1. PFMS
2. Directly from the departments
3. Corporates and other entities

As you are aware DBT mission has consolidated all the schemes and issued a consolidated list of schemes with a unique scheme code for each scheme vide their OM No. D - 11011/02/2016-DBT (Cab) (Pt.) dated December 9, 2016 for 84 schemes. Currently the number of DBT schemes have gone up to 354 as on August 25, 2017 (Annexure 1). The process of marking schemes as DBT is an on-going process and the updated list is available at www.dbtbharat.gov.in for which the access has been given to Implementing departments.

All the departments have been advised to use the correct scheme codes before initiating the transactions. While many departments have started sending the scheme codes, a few are still to adopt the codes.

It has been decided to de-activate 'CPSMS' code from NACH master with effect from October 1, 2017. The member banks should follow the process detailed below so that all the transactions can be put through NACH system so that credits to the end beneficiary is afforded.

1. If the 5 digit scheme code is provided to the sponsor bank along with the state details, then bank should approach NPCI for obtaining the relevant user code to be used for that state. On allotment, bank should start using the relevant code.
2. If the state cannot be identified, then banks should obtain all India user code from NPCI and process the transactions with the specific scheme code provided in the input data by the department.
3. If the scheme and other details are not known then the transactions should be presented under product code "10 " (ten space). Sponsor banks having such data to be uploaded should approach NPCI before September 30, 2017 for obtaining the user code.

4. Existing user codes used for presenting CPSMS transaction will be disabled and banks will be communicated with appropriate user codes mapped to "Non - DBT" scheme with effect from October 01, 2017.
5. Banks to present all government subsidy transactions under product code "DBT" or "PFM"

As directed by Department of Expenditure vide their OM F. No. 32(07) PF-II/2011(Vol. II) dated February 26, 2016 and clarification on June 1, 2016, NPCI will continue to raise claims for charges and incentive to the Ministry of Rural Development for its schemes - MGNREGA, NSAP and PMAY or to any other central Ministry if the schemes and the respective departments on which claims are to be raised are identifiable.

All other transactions will be treated as normal Non-DBT NACH transactions and will be charged as per the card rate provided by NPCI.

Please note that NPCI will submit the claims to the respective departments and disburse the amount received purely based on the scheme code used by the sponsor banks. The responsibility of uploading transactions in appropriate scheme codes lies with the sponsor banks. In case any commission/omission detected at a later stage on investigation/audit findings, the charges/incentives already credited to the sponsor banks/destination banks would have to be reversed without prior notice. Sponsor banks will be primarily responsible for such lapse.

The above may please be noted by NACH member banks acting as sponsor banks for compliance.

In case of any query feel free to write to ach@npci.org.in

With warm regards

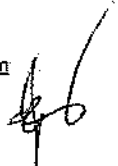

Giridhar G.M
